The 4 buildings surround the perimeter of the site to maximize walkable access, creating connected pathways to the vibrant commercial hub along McCallum Road. Modern touches are integrated through unique architectural features that highlight the solarium balconies and showcase stylish wood accents.

Peace and privacy are enhanced with raised gardens and fencing as you meander through Aria, finding your way to the central outdoor amenity for residents to socialize. Plaza seating, open lawn space, and a family-oriented playground add to the experience of community.

The buildings are thoughtfully positioned to showcase the surrounding views, letting you select from captivating sights of the North Coastal Mountains or picturesque Mount Baker.
